INTRODUCTION

Baseball Victoria, it's members, clubs and the wider community have all been affected by COVID-19. The health, wellbeing and safety of all involved in our sport is paramount, as such Baseball Victoria will continue to work closely with the relevant health authorities, both at a national and state level, to ensure we successfully navigate our way to safely resuming activity and play for baseball in Victoria.

"There's no doubt this year has been challenging in many aspects, not only in our sport but for our wider Victorian community. We have come together to do what's best for Victoria as a whole, and we greatly appreciate the patience of our Victorian baseballers as we navigated the changing COVID landscape and worked to achieve the safest outcomes for our members," Baseball Victoria President Myles Foreman said. "After months of lockdown and planning, we are so pleased to be in a position to fully return to activity and play. This would not be possible without our amazing volunteers, from club presidents and secretaries to coaches and groundskeepers, who have worked tirelessly to get baseball back up and running while following government guidelines. Safety remains our top priority across all levels of Victorian baseball and we look forward to seeing our members back on the diamond for a safe and successful summer season."
