SCHEDULE 1: CHILD ABUSE DEFINITIONS

Child Abuse is the mistreatment of a Child that:

- causes, is causing or is likely to cause any detrimental effect of a significant nature to that Child's physical, psychological or emotional wellbeing, or
- does, or is likely to, endanger that Child's physical or emotional health, development or wellbeing,

whether through a:

- single act, omission or circumstance, or
- series or combination of acts, omissions or circumstances,

and includes:

1. **Physical Abuse**, which occurs when a person subjects a Child to non-accidental physically aggressive acts, which may cause injury intentionally or inadvertently as a result of physical punishment or the aggressive treatment of a Child. Physically abusive behaviour includes:
 - (a) shoving, hitting, slapping, shaking, throwing, punching, biting, burning, kicking, and
 - (b) harmful training methods or overtraining where there is the potential to result in significant damage to a Child's physical development.
2. **Emotional or Psychological Abuse**, which occurs when a Child does not receive the love, affection or attention they need for healthy emotional, psychological and social development. Such abuse may involve:
 - (a) repeated rejection or threats to a Child
 - (b) constant criticism, teasing, ignoring, threatening, yelling, scapegoating, ridicule and rejection
 - (c) bullying and harassment
 - (d) continual coldness, and
 - (e) harmful training methods or overtraining where there is the potential to result in significant damage to a Child's physical, intellectual or emotional wellbeing and development.
3. **Sexual Abuse**, which occurs when an adult or person in authority (i.e., older, or younger but more physically or intellectually developed) involves a Child in any sexual activity. Perpetrators of sexual abuse take advantage of their power, authority or position over the Child for their own benefit. It can include making sexual comments to a Child, kissing, touching a Child's genitals or breasts, oral sex or intercourse with a Child. Encouraging a Child to view pornographic videos, websites or images, or engaging a Child to participate in sexual conversations over social media or otherwise is also considered sexual abuse.

Sexual exploitation is a form of Sexual Abuse and occurs when Children are forced into or involved in sexual activities that are then unlawfully recorded in some way, or recorded without the consent of one or more parties, or used to produce pornography. Such pornography can be in the form of photographs or videos, whether or not published or circulated on the internet or social media.

4. **Grooming**, which describes what happens when a perpetrator or potential perpetrator of Child Abuse builds a relationship with a Child with a view to abusing them in the future. There is no set pattern in relation to the grooming of Children. For some perpetrators, there will be a lengthy period of time before the abuse begins - the Child may be given special attention, and what starts as an apparently normal display of affection, such as cuddling, can develop into sexual touching or masturbation and then into more serious sexual behaviour. Other perpetrators may draw a Child in and abuse them relatively quickly. Some abusers do not groom Children but abuse them without forming a relationship at all. Grooming can take place in any setting where a relationship is formed, such as sport, leisure, music, religious activities, on social media or by other technological means.
5. **Neglect**, which is the persistent failure or deliberate failure or denial to meet a Child's basic needs. Child neglect includes the failure to provide adequate food, clothing, shelter, adequate supervision, clean water, medical attention or supervision to the extent that the Child's health and development is, or is likely to be, harmed. Types of neglect include physical, medical, emotional and educational neglect, and also includes abandonment.

ANNEXURE F: RECRUITMENT AND SCREENING

These recruitment and screening requirements have been developed to provide a fair, safe, consistent, and comprehensive recruitment process across the sport of baseball in Australia. Our sport takes child protection seriously and ensures that the organisation recruits personnel that are suitably qualified and committed to providing professional, safe, and enjoyable programs and services to Children.

1. Child Related Positions

- 1.1 All positions within our sport (employees and volunteers) will be assessed (new and existing) using Appendix 1: Position Assessment Checklist.
- 1.2 Positions identified as “child related” will require the successful applicant to be cleared by the relevant authorities as a person suitable to work with Children.

2. Position Descriptions

- 2.1 Developing appropriate selection criteria for a position is a valuable first step to reducing the risk of appointing someone who poses a child safety risk.
- 2.2 Examples of appropriate selection criteria may include: “Must have experience working with Children.” “Must be able to demonstrate an understanding of appropriate behaviours when engaging with Children.”

3. Advertising

- 3.1 All positions identified as child related will include the following statement in the position description and any advertising:

[Organisation Name] is committed to protecting Children from harm. We require all applicants that will work with Children to undergo an extensive screening process prior to appointment.

4. Interviews

- 4.1 All applicants for child related positions are required to attend at least one interview, preferably in person or on a video-conference (e.g. Zoom etc.).
- 4.2 During the interview, questions regarding the applicant’s suitability to work with Children must be included. Refer to Appendix 2: Interview Requirements and Sample Questions.

5. Working with Children Checks

- 5.1 Working with Children Check laws aim to prevent people who pose a risk from working with Children as paid employees or volunteers. Working with Children Check laws are currently in place in all Australian states and territories.
- 5.2 These laws require individuals involved in areas such as sport and recreation to undertake a check to determine their suitability to work (in a paid or volunteer capacity) with Children.
- 5.3 Baseball Australia, Member Organisations and affiliates must meet the requirements of the relevant state or territory Working with Children Check laws. Specific state and territory

requirements can be found here: <https://aifs.gov.au/cfca/publications/pre-employment-screening-working-children-checks-and-police-checks/part-b-state-and>

- 5.4 All personnel that require a WWCC will supply a copy of it to, or be validated by, the organisation making the appointment.
- 5.5 An organisation may not engage a person who does not have a satisfactory WWCC in the relevant jurisdiction(s).
- 5.6 It is a serious breach of the Child Safe Policy if an individual:
 - (a) who has convictions that would make them ineligible to be granted a WWCC, is appointed to a child related position in our sport, or
 - (b) continues in their position if they have been charged or convicted of a crime that would make them ineligible to be granted a WWCC.
- 5.7 All personnel involved in our sport are required to report any criminal conviction or charge that indicates that they may present a potential risk to the Children to whom they help deliver programs or services.

6. National Criminal History Record Checks

- 6.1 Depending on the relevant jurisdictional legislation we may require our preferred candidates to have completed a “national criminal history record check” (also known as a “police check”) where obtaining a WWCC is not possible.
- 6.2 A criminal history does not automatically preclude an applicant from being appointed unless their criminal history suggests that they may pose a risk to Children. If there is information relevant to the employment decision, the applicant will be provided with an opportunity to respond to the contents of their police check (if they wish to do so).
- 6.3 The decision to appoint or not appoint an applicant because of a police check result, along with the rationale for that decision, must be communicated to the applicant.
- 6.4 No copy of the police check must be retained, and the original must be destroyed in a secure manner on completion of the recruitment process. If the applicant is appointed, a record of the date and certificate number of the police check should be recorded in their personnel file.

7. International Criminal History Record Checks

- 7.1 Any applicant who has resided in an overseas country for 12 months or more in the last ten years will also need an international check.
- 7.2 Some countries will not release information regarding an individual for personal or third party purposes. Where police records checks cannot be made, reference checks must be conducted with at least two referees that personally knew the individual whilst they were residing in the other country.
- 7.3 The applicant must be informed that referees will be asked whether they have knowledge or information concerning the applicant, that would adversely affect the applicant from performing the job, including any relevant criminal offences. The credentials of persons acting as referees must be verified and can include previous employers or government officials.

7.4 Overseas applicants should not commence until this process is satisfactorily completed.

8. Monitoring compliance

8.1 We will ensure that all personnel in child related positions have a current WWWC as specified in state and territory legislation: <https://aifs.gov.au/cfca/publications/pre-employment-screening-working-children-checks-and-police-checks/part-overview>

9. Reference checks

9.1 A minimum of two reference checks will be conducted for the preferred applicant to gather additional information about the applicant's suitability to work in the role for which they have applied.

9.2 The selected referees must:

- (a) be able to provide information relating to the applicant's suitability to work with Children
- (b) have known the applicant for at least 12 months
- (c) not be related to the applicant
- (d) be able to vouch for the applicant's reputation and character.

Please note: Written character references are not sufficient unless also followed up and verified through direct contact.

9.3 Referees should be asked directly about any concerns they may have about the applicant working with Children. Refer to Appendix 3: Reference Check Requirements and Sample Questions.

10. Qualification and registration checks

Educational or vocational qualifications, or professional registration(s) will be verified for the preferred applicant for the position, if applicable.

11. Minors

11.1 If a person under the age of 18 is appointed to a child-related position, we will:

- (a) comply with the relevant WWCC legislation
- (b) undertake appropriate screening (interviews and referee checks)
- (c) ensure that they are aware that they are bound by this Child Safeguarding Policy and the obligations associated with working with Children, and
- (d) obtain information about any pre-existing relationships, especially where the child-applicant interacts personally with another Child participant.

Appendix 1: Position Assessment Checklist

Step 1 - Exemptions (for certain positions only – not activities)

In addition to child-related employment legislation, all states and territories have legislation that requires people who wish to register in certain occupations (eg. teachers, doctors or child care workers) to be screened for criminal offences. Where professional registration requirements require screening, certain persons are exempt from the WWCC.

To check relevant exemptions please go to: <https://aifs.gov.au/cfca/publications/pre-employment-screening-working-children-checks-and-police-checks/part-b-state-and>

Regardless of the exemption of a WWCC, before engaging the candidate into the position you **must** undertake all other specified screening requirements.

If the position is **not exempt**, please move to **Step 2**.

Step 4 - Assess the risk

Based on your responses to Step 2 and 3 , identify the inherent risk of the position/activity using the table below.				Action
LOW	Nil contact		The position / activity does not have contact or work with children (i.e., you answered NO to all questions in Steps 2 and 3).	Baseball Australia does not require the position or person in the position to hold a WWCC. Baseball Australia does not require the activity to be supervised or the person to be on restricted duties.
MODERATE	Contact with Children		The position / activity involves or may involve contact with children (i.e., you answered YES to one or more questions in Step Two). If the person does not have a WWCC they MAY begin in the role provided that Baseball Australia or a SSA has verified their application submission, but they MUST be supervised at all times by another adult with a WWCC. These measures are to be in place until a copy of the WWCC is provided to management. The person MUST NOT begin child-related work if an interim decision on their application prevents them from working with children and/or that they have been denied a clearance or it has been cancelled.

The person MUST NOT begin child-related work if an interim decision in their application prevents them from working with children and/or that they have been denied a clearance or it has been cancelled.

Appendix 2: Interview Requirements and Sample Questions

- The interview process is a very important step in selecting the right people for your organisation and in identifying any people that may pose a risk of harm to children.
- An open-ended style of behavioural-based questioning will give insights into the applicant's values, attitudes and understanding of professional boundaries and accountability.
- All applicants should be informed during the interview that referees will be contacted as part of the any final selection process.

Questions that **MUST** be asked
