Victorians to Represent Team Australia at U18 World Cup

Best of luck to BV Performance Pathway athletes Jordan Ellis, Will Hardy, and Devin Leahy as they represent Team Australia at the 2025 WBSC U18 World Cup in Okinawa, Japan. The tournament gets underway on Friday 5 September as Australia takes on Germany at 11:30am AEST. Follow along on the baseball.com.au [U18 World Cup Hub](#).

The team was finalised after a week-long selection camp on the Gold Coast. Check out the Team Australia preview for our VIC representatives and read the full story [HERE](#).

C – Jordan Ellis

From Geelong, Ellis built an impressive lead-in to the selection camp. He was on the radar after he played well with the U16 National Squad at a tournament in Atlanta in 2024. A lower back injury kept him out of the U18 National Championships, but hard work saw health return. He can play multiple positions and will be a key cog in the name of versatility.

INF – Will Hardy

Hardy has been a key part of the Baseball Victoria Performance Pathway program and plays for Newport in the summer and North Balwyn in the winter. Hardy was on the Melbourne Aces' development list in the 2024-25 ABL season and brings versatility, being able to play all three infield spots.

OF – Devin Leahy

A short, quick, outfielder with strong bat-to-ball skills, Leahy celebrated VSBL grand final glory with Sunshine's Premier League 1 side. He is also a 2024 U18 National Champion with Victoria and plays winter ball with Greenhills Montmorency. Leahy brings a different style of game play and energy to the national squad.

The graphic is a two-page spread for the U18 World Cup Roster Announcement. The left page features a large orange square with the text '2025 U18 WORLD CUP ROSTER ANNOUNCEMENT' in green and white. Above the square is the Baseball.com.au logo, and below it is the 'PROUDLY SUPPORTED BY INVEST GOLDCOAST.' logo. The right page is titled 'U18 WORLD CUP ROSTER' in large green letters. It lists players by position: PITCHERS and POSITIONAL. The players are listed with their position, name, and state/territory. At the bottom of the right page is the Baseball.com.au logo.

Meet the BV Team: Introducing New General Manager, Operations Scott McNaughton

There are some new faces on the Baseball Victoria team, and we would love to introduce you to them. First up, we have Scott McNaughton, our new General Manager, Operations. With 15+ years in sport leadership, most recently with NRL Victoria, Scott will oversee Baseball Victoria's day-to-day operations, competition services, and club engagement functions.

Here's a bit more about Scott and his baseball goals.

What inspired you to work in sport?

I was living overseas and had the opportunity to work in a school delivering a sports program - being able to play a part in someone's journey and experience inspired me make a career out of it and I've been lucky to work in a variety of sports across and within all areas of sport from development, pathways and operations so far.

What are you most excited about in your role at Baseball Victoria?

The opportunity - I'm learning fast that we've got a passionate, well-connected community and I'm looking forward to working with everyone to continue to develop and grow our clubs' capacity, capability and the game in general.

Major League team?

Red Sox (I was lucky enough to get to the 100th anniversary of Fenway).

Favourite sporting moment?

I've been really lucky to be at some major sporting events; however, the moment that sticks in my memory is when I was young watching my dad play and eventually being able to play with him - I hope I can do the same with my son one day.

If you played baseball, what position would you play and why?

I come from a cricket playing background and tried (many would say unsuccessfully) to clear the fence, so I'd say a designated hitter.

What's your ideal weekend look like?

Spending quality time with my young family.

Top goals for the next year of baseball?

I'm really excited to support the great team we have here at BV across all of our programs and initiatives - my goal is to meaningfully contribute to our broader goals and set ourselves up for more future success.
