[Sparms Teams Up With Baseball Victoria Through Diamond Partnership Program](#)

Baseball Victoria is excited to announce that Sparms has joined the [BV Diamond Partnership Program](#) at the Home Run level.

[Sparms](#) is Australia's leading choice in sun protection. Sparms Sun Protection Sleeves are great for baseballers, as they are cooling and certified UPF 50+, blocking out more than 99.8% of UVA and UVB radiation, all year round.

Made from patented Italian fabric, the thinnest and lightest sleeves on the market, Sparms keep your arms 2 to 3 degrees cooler, which is fantastic for summer baseball and tournaments.

"At Sparms, we exist to challenge the way athletes think about sun protection. It's not just about covering up, it's about performing better, staying cooler and protecting your skin," General Manager Chloe Stewart said. "We're proud to support Baseball Victoria and help players thrive in the sun."

Baseball Victoria appreciates the support, with Sparms set to provide sun protection to Victorian representatives throughout the year.

"Thank you to Sparms for joining forces with Baseball Victoria – we are thrilled to have them as a BV Diamond Partner and look forward to sharing better sun protection with our baseball community," BV CEO Chet Gray said. "We encourage our baseball families to check out their range of sleeves and shoulder wraps for men, women and youth."
